Richmond Record-Herald

VOL. XXVIII. — EIGHTEENTH YEAR. RICHMOND RECORD-HERALD FRIDAY, SEPTEMBER 6, 1918. NUMBER 46.

Armed Forces of the Kaiser Recoil Under Combined Thrusts of the Allied Troops

PARIS, September 6.—The course of the fighting on the western front continues to show that Marshal Foch is practicing his precept, "the whole art of war consists in attacking," with telling effect on the enemy.

As Henry Bidon points out in the Journal des Debats, the battle of the Marne is being reproduced with the positions reversed.

Six German armies are recoiling, closely pressed by seven or eight allied armies, as was the case with the allied forces four years ago. The allied armies form the arc of a circle enclosing the Germans and, just as in the Marne battle, the fight rages, now on the center and now on one or the other wing. Each move is made with such skill and decisiveness that its effect is felt in every part of the line.

MANGIN WINS LAURELS.

At present General Mangin is having his innings, while the British have been resting on their laurels for a brief period and preparing for a further blow.

The commander of the French right wing made a brilliant score yesterday, placing the entire hinge of the enemy's defense system north of Soissons in allied grasp. The recapture of Folembray, Coucy-le-Chateau and Coucy-le-ville—all of which had been cleaned out and destroyed by the retreating enemy—brings the allied troops to the foot of the St. Gobain heights, on the retention of which the present German line in the west absolutely depends. The allied forces also have reached the River Aisne from Condo to Vieil-Arcy and occupy dominating positions north of the Vesle, while General Humbert's army is pursuing its victorious way toward Ham and Chauny.

HAM VIRTUALLY CAPTURED.

The town of Ham, indeed, may be considered as virtually taken, while the German citadel of Laon is again under the fire of French guns.

It now is plain that the direction of the enemy retreat is toward the line of Cambrai-St. Quentin. He is carrying it out with no mean skill, and only one mistake can be detected in his plan. That error lay in the persistency with which he clung to the Vesle. Probably Ludendorff wished to keep possession of the St. Thierry hills northwest of Rheims, and thus keep a constant fire threat hanging over the city. The result of his delay, however, was to put him in a serious predicament to save the Seventh German army, to the command of which General von Boehn had been replaced by General Eberhardt. He was obliged, as soon as General Mangin began to threaten him between the Aisne and the Ailette, to sacrifice division after division on the plateau north of Soissons, and even now Eberhardt's army is by no means extricated.

655 GERMAN FLIERS ARE DOWNED BY THE ALLIES

LONDON, September 6.—This official statement on aerial operations, issued last night, says:

"Much reconnaissance and photographic work was accomplished by the air force on September 4 and a large number of artillery and contact patrols were carried out. The weight of bombs dropped by us during the day was twenty-three tons.

"Enemy machines showed considerable activity. Twenty-three hostile machines were brought down by our airmen, and no less than nine balloons were shot down in flames. In addition, fourteen hostile machines were driven down out of control. Sixteen of our machines are missing.

"One of our machines, reported as missing in the fighting of September 3, has since returned.

"In the course of the weeks which have elapsed since the commencement of our offensive on August 8, 655 enemy machines have been brought down by our airmen, their destruction being in every case clearly established. In addition, the total of enemy machines proved to have been driven out of control, many of which actually have crashed, is exactly 200.

"The above figures are exclusive of the considerable number of enemy machines brought down by gun-fire from the ground. Sixty-seven German balloons have been set on fire. Nine hundred and eleven and a half tons of bombs have been dropped by us.

"Practically the whole of the air fighting has taken place on the enemy's side of the line. The number of our machines which have failed to return during this period is 282."

CALIFORNIA WINE ASSOCIATION CANNOT DECLARE LAST DIVIDEND

The California Wine Association one of the largest wine manufacturing and distributers concerns in the world, with its chief headquarters and winery in this city, will be the subject of argument before Superior Judge Crothers in San Francisco on September 14. This date was set by the court following the issuance of an injunction by the court yesterday on the petition of Mrs. Julia Goldman, a preferred stockholder. The injunction forbids the company to pay a $20 dividend recently ordered on common stock. A similar injunction was issued previously on the petition of certain bondholders.

It is alleged by Mrs. Goldman that the company is going through voluntary liquidation and that the payment of the dividend would leave no surplus for the retirement of preferred stock.

BIG BANQUET PROMISES TO BE DELIGHTFUL AFFAIR

The Richmond Chamber of Commerce members are going to enjoy one of their semi-occasional banquets this evening at the Richmond clubhouse at 7 o'clock and they request that everybody be on hand at the appointed hour and bring along their appetites. The dinner which is to be provided for the members and their friends by the ladies of the Richmond club will be an exceptionally good one, cooked by the ladies themselves, which is a guarantee that it will be good, wholesome home cooking and served in a manner which will be a credit to the ladies and the organization giving the banquet.

President C. R. Clark of the Chamber of Commerce and his committee of arrangements, of which E. J. Garrard is the chairman, inform the Record-Herald that beside the good food provided by the ladies there will be entertainment to equal the menu. Secretary Joseph Caine of the Oakland Chamber of Commerce will be on hand with some specialists along this line and the famous Murphy Quartet will be among those present to furnish good music for the members and their guests.

The entire affair is intended as a sort of get-together affair for the business men of the community and it is expected, judging from the number of tickets sold, that there will be a large crowd present to take part in the feast and to hear and see what is going on.

If you have not yet obtained your ticket, lose no time in securing one and be among the boosters of the community.

ALL HIGHWAY WORK IS HALTED

Detailed instructions supplementing the United States Highways Councils order restricting road and street construction on the Pacific coast beginning September 22 have been received by D. M. Folsom, federal oil director for California.

Highways and streets of military value will be given first consideration by the council, according to its announcement, and others are classified in relative order of importance as follows:

Highways and streets of national economic value.

Unfinished contracts involving contractural obligations (incurred prior to April 6, 1918, where bond issue is involved) which may not be disturbed without serious consequences.

Streets and highways which although not of national economic importance are of such extreme local importance or the construction of which has progressed to such a point as to cause serious hardship if their completion is postponed.

During the period of the war no manufacturer will be allowed to supply street or road building materials until the project has been approved by the United States Highways Council. Each application for a permit for such construction work will be passed upon by the State highway department before it goes to the council.

"In case of repair work," said C. G. Sheffield, director of the bureau of domestic consumption, United States Oil Division, in a letter to Folsom, "separate applications for individual streets are not necessary. Repairs in one city can generally be included all on one application. Of course this would only constitute repairs to improved hard surface pavements. If oils or road binders are desired to improve dirt roads, separate application would have to be made."

Quick action on projects necessary to the war will be made possible by the new orders, the United States Highways Council said in its statement.

"The Council is hopeful," the announcement stated, "that the selective consideration of new highway and street construction by the township, county and municipal officials and in turn by the state highways departments will so materially eliminate the less essential projects as to make it possible for the council to render active aid on the project it approves. The aid contemplated will be in the form of such action by the other government agencies involved as will remove obstacles to the speedy completion of the projects."

GERMANS ARE IN FEAR OF VICTORIOUS ENEMY ARMY

GENEVA, September 6. — Field Marshal von Hindenburg, the German Chief of Staff, has again been forced to appeal to the German people not to become alarmed over the continuous defeats the Germans are sustaining on th ewestern front, said telegram quoted Hindenburg as saying:

"We have conquered in the east and we are strong in the west, despite the appearance of Americans. But it is necessary to remain strong and united in the rear and we must be prepared to face much air bombing.

AMSTERDAM, September 6.—Berlin and the Province of Brandenburg have been placed under "the law relating to a state of siege which provides for a fine for persons inventing or circulating untrue rumors calculated to disquiet the popu, lace," according to the Cologne Volks Zeitung.

A notice accompanying the decree, which is signed by General von Linsingen of the Brandenburg

(Continued to page Four)

REGISTRATION MACHINERY IS COMPLETE FOR SEPT. 12TH

The machinery for the registration of men coming within the provisions of the draft and who are to comply with the presidential edict on next Thursday has all been completed and the registrars and their assistants appointed by the draft board. A. C. Faris is chief registrar and is in charge of the entire district and he will be be assisted by H. W. Tuller, I. R. Vaughn, J. A. McVittie, M. A. Hays, D. J. Hall, Warren H. McBryde. Interpreters appointed to assist the boards and the foreign speaking registrants are Ben Brigone, Chas. H. Mahnke, Louis Travolara, Mrs. E. Navorini, C. G. Barbikis, Tony Rinaldo, Dr. M. L. Fernandez, Thos. B. Fernandez and others.

There are forty-five precincts in the district and it is expected that there will be in the neighborhood of eight thousand registrants in the territory embraced within its confines. The Record-Herald will publish tomorrow a list of the registrars and their assistants and the location of all the places of registration.

Have the Record-Herald follow you on your vacation.

DR. ABBOTT GOES TO FORT RILEY TO TRAIN

Captain U. S. Abbott goes to Fort Riley, Kansas, tomorrow, where he will go into training for overseas service with the medical corps. He enlisted some months ago and received his appointment as captain and since that time has been awaiting his call for service.

Mrs. Abbott will remain in Richmond for some time and then will join her husband and remain with him as long as he is in America and then will probably return to Richmond.

Dr. L. St. John Hely, formerly of Madera, is going to conduct the emergency hospital during the absence of Dr. Abbott in France. He is in town and assumed charge of his new duties.

WARNS DEPENDENTS TO CLAIM EXEMPTION

WASHINGTON, D. C., September 6.—Because many men of the new draft ages are expected to refuse to claim exemption from military service regardless of the need for them at home, the provost marshal general's office today suggested that employers or interested dependents should not fail to file formal claims in such cases.

OFF ON HUNTING TRIP.

Districts Attorney T. D. Jotnston and his chief deputy, Judge Hiram Jacobs, departed today for the wilds of Mendocino county where they will spend a few days hunting deer.

PAPER SHIPMENT TO MEXICO STOPPED

LAREDO, Texas, September 6.—An embargo was placed on all news print paper exports to Mexico here today. This was said to be in answer to a recent decree of President Carranza of Mexico demanding that 30 per cent of all news print paper imported be turned over to the Mexican government.

U. S. SENATOR REGISTERS UNDER NEW DRAFT ACT

WASHINGTON, September 6.—Senator Henderson of Nevada has the distinction of being the first member of the United States Senate to register under the new draft law extending age limits to men under 46. He has filed with local draft authorities a registration certificate to be forwarded to his home at Elko, Nevada. He is 45 years old.

POPULAR MOTORMAN RETURNS.

Mr. and Mrs. H. O. Brink have returned home from a short visit to friends at Santa Rosa. Mr. Brink is one of the motormen for the San Francisco-Oakland Terminal railways.

MOHAIR CLIP RELEASED; U. S. WILL USE WOOL

WASHINGTON, September 6.—Mohair has been found too costly for government use, and the War Industries Board today released the fall clips, which recently were ordered held pending an agreement on prices. Wool will be substituted in making aviators' coats and other articles in which mohair has been used.

RETENTION OF PRESENT SUGAR RATION INTENDED

WASHINGTON, September 6.—Retention of the present sugar ration of two pounds a month for each person was announced by the food administration today.

PYTHIAN WHIST PARTY.

Richmond Temple No. 86, Pythian Sisters, held their regular business meeting last night at Pythian Hall and today the members are sewing for the Red Cross at the Fourth street sewing rooms.

On the 12th the ladies are going to give a whist party and will give Thrift Stamps as prizes. The public is cordially invited to be present.

When a married man complains of a pain somewhere inside, his faithful wife's eyes soften. She is thinking of the insurance money.

TSAR CALFEE WILL COME BACK TO THE COAST

According to a letter received from Sergeant T. N. Calfee by his father, Rev. D. W. Calfee, yesterday that young man will visit the Pacific Coast in a short time, probably within the next ten days. He has about finished his work in the East and has been ordered to report at Camp Fremont, where the most of his unit is at the present time.

Whether this unit of auto trucks and drivers will be sent to Siberia or to France is a matter which has not been made public, but the general opinion is that the boys will go to the Orient. Young Calfee has been stationed at Camp Holobird, Maryland, for the past few months.

Our boys in France are giving a good account of themselves and wherever they have met up with the Huns have proven more than a match for them, man for man. There is something in being an American that makes a fighter, and to think the men who are making such marvelous records over there for valor were only a year ago farmers, bank clerks and mechanics. When a man is fighting for a principle there is no combattling him.

LADIES' AID MEETING.

The Ladies' Aid Society of the First Presbyterian church is meeting this afternoon at the home of Mrs. W. M. Bullock to sew on aprons for the girls of the San Anselmo orphanage. A large crowd is in attendance.

If it wasn't for fiction in the popular magazines a lot of people would never know that a morning coat is to be worn in the afternoon.

The cooing of doves at twilight always makes Dad sentimental, and he begins to wonder if he will be allowed to smoke in heaven.

400 COLLEGES TO EDUCATE OUR SOLDIERS

WASHINGTON, D. C., September 6.—More than 400 educational institutions have been enlisted in the War Departments programme for educating, at the expense of the government, recruits who are selected as worthy of this privilege. Tentative contracts are being signed.

Practically the entire first class to be given this special course will be drawn from the 18 and 19-year-old men who are registered at the approved institutions for the scholastic year beginning next month. The period between October and December will be devoted to testing out the plan and those students who fail to take full advantage of their opportunity will find themselves changing places with other drafted men.

Selection of a recruit for special training will mean that he will then face one of four eventualities: He will be found sufficiently qualified for detail to an officers' training camp; he will be found qualified, but not mature enough for this supplementary training and will be maintained at the school; he will be found unqualified for commanding troops, but qualified for further technical training; he will be returned to the status of a draft registrant and will be called in his turn.

No decision has been reached as to whether the military regulations drawing a dry zone around training camps will be extended to cover these institutions.

MENDELSSOHN CLUB MEETS YESTERDAY

One of the most delightful meetings ever held by the Mendelssohn Club since its organization a great many years ago in this city, was the meeting yesterday at the home of Mrs. Lee Dicely on Idaho avenue. The meeting was largely attended and the program was interesting in the extreme.

The day was devoted to the works of Robert Burns, the Scotch poet and writer and consisted of the following:

Piano solo—Miss Freda Moyle.
Reading—Mrs. G. W. Topping.
Vocal solo—Mrs. E. W. Benson.
Reading—Mrs. Robert Huston.
Piano solo—Mrs. Lee Dicely.
Extracts from the life of Robert Burns—Mrs. W. A. Walker.
Quotations from the Works of Burns—Each member present.

The next meeting of the Mendelssohn Club will take place on September 19th, at the home of Mrs. Roy Lemoin and the program will be taken from the works of California composers and writers. The hostesses of the occasion will be Mrs. Roy Lemoin and Miss Erma Dearborn.

BUILDING PERMITS ISSUED BY INSPECTOR

S. Simi will erect a tank house in Twenty-second street, between Barrett and Roosevelt, at a cost of $40.

N. Tutrato will remodel a cottage on Clinton avenue between Twenty-third and Twenty-fifth streets. Permit was issued for $500. A Jocelyn is doing the work.

HIGH SCHOOL GIRLS COLLECT MUCH MONEY

Yesterday afternoon four high school girls were busy on the main streets of the city selling Thrift and War Savings Stamps. During the afternoon between the hours of 2 and 6:30 o'clock the girls collected $186.60.

Those selling stamps were the Misses Grace Smith, Vera Brent, Belle Woodford and Millie Glaster.

MRS. BRADLEY SAYS IT SAVED HER LIFE

"I Can Hardly Find Words To Express My Gratitude For Tanlac," She Says.

"I have not only gotten back all the weight I lost while sick, but I am actually heavier now than I have ever been," said Mrs. Lucy Bradley, residing at 7329 8th Ave., Seattle, Wash., recently, in one of the most remarkable statements yet published in connection with the Master Medicine in this vicinity.

"I had suffered from stomach trouble," continued Mrs. Bradley, "until I was scarcely more than a frame of skin and bones. One day about three years ago, after eating some strawberries, I was taken with an attack of acute indigestion, and was down in bed for some time unable to move. Beginning from that time my stomach was in such a bad fix that everything I ate would ferment, causing gas, shortness of breath and fearful pain. There was a pain right through my heart that couldn't have hurt much worse if I had been stuck with a knife, and several times I thought I would surely die. I just kept losing weight and got so weak I couldn't walk across the room. I was forbidden to eat anything except liquid. I tried drinking sweet milk and even that was like poison to me. I suffered a great deal with pains in my back and hardly knew what sleep was.

"We were living in St. Louis at this time, and a friend of ours had gotten such splendid results from Tanlac that my husband begged me to take it. I refused for a time, as I had no faith in it to help me, but I kept getting worse and my husband insisted. So I consented to try it and when he brought me my first bottle I weighed only one hundred and ten pounds and was almost frantic with suffering. Now I can hardly find words to express my gratitude, for I really don't believe I would be here today if it hadn't been for Tanlac. Soon after I started taking it I began to feel better. It was the very thing for me and it wasn't long until I could eat just any and everything I wanted without it hurting me, and my appetite was so big I could hardly eat enough. Well, that has been a good while ago and from that time until now I have never suffered a particle with my stomach, shortness of breath or pain of any kind. I sleep like a child every night and am strong and healthy in every way. I now weigh one hundred and fifty-six pounds—making a gain of forty-six pounds. I tell everybody that I know that Tanlac is the finest medicine in the world and I certainly have the best of reasons for saying so."

Tanlac is sold in Richmond by F. B. Lamoine, in Antioch by H. J. Shuman, in Crockett by J. Civiletti, in Pittsburg by Regal Pharmacy, and in Pinole by E. K. & H. Dunlap.—Advertisement.

"EYES OF THE WORLD" IS NOW T. & D. FILM

Miss Kathleen Kirkham, screen star and chosen by Harold Bell Wright to play the stellar female role in the picturization of his novel, "The Eyes of the World," showing at the Richmond Theatre, surrendered all right to a tidy fortune of $100,000 left her by her grandfather, Jacob W. Leisner of Menominee, Wis., providing that at the age of twenty-one she was not an actress.

Perhaps Miss Kirkham, aside from the love she has for her art (in 1913 the reigning favorite among all the students at the exclusive Cumnock school for girls in Los Angeles, in three years fought her way from lesser roles "in stock" to stardom in the cinema world), sees ahead of her returns that will compensate her many times over for the loss of the bequest conditionally made by her grandfather.

SUGAR USERS.

All residents of Point Richmond desiring permits for sugar for canning purposes should apply to the woman director of food conservation at Niedecker's drug store.

ROSH HASHANAH HOLY DAY FOR ORTHODOX JEWS

The Jewish New Year (Rosh Hashanah) 5679, which will be observed tomorrow, September 7th, marks the beginning of the principal holiday season of the Jewish year.

It is the beginning of the cycle known as the "ten days of repentance" ending with the holiest day of the year, the day of Atonement.

It is also called the "Day of the Blowing of the Trumpet" and around this ceremony—the blowing of the Shofar or ram's horn—the service of the day revolves. The ram's horn is supposed to refer to the salvation of Isaac and the substitution of a ram in his place when Abraham was about to slay him in his wrong understanding of Gods demand for a sacrifice. (Genesis xxii).

As is the case with all Jewish holy-days, the observance begins at the preceding sundown, Friday, and in the orthodox synagogs lasts until sundown Sunday—two days being observed in place of one as is the custom in the reform synagog.

NOTICE TO TAXPAYERS

State and County Taxes for the Fiscal Year 1917-1918

Office of the Collector of State and County Taxes, Martinez.

Notice is hereby given that I have received from the Auditor of Contra Costa county the Duplicate assessment book for the fiscal year 1917-1918, and

That the taxes on all personal property secured by real property and one-half of the taxes on all real property, is due and payable as of the

THIRD MONDAY IN OCTOBER,

and will be delinquent on the first Monday in December next thereafter, at six o'clock P. M., and that unless paid prior thereto fifteen per cent will be added to the amount thereof, and that if said one-half be not paid before the

LAST MONDAY IN APRIL NEXT

at six o'clock P. M., an additional five per cent will be added thereto. That the remaining one-half of the taxes on all real property will be payable on and after the

FIRST MONDAY IN JANUARY NEXT,

and will be delinquent on the

LAST MONDAY IN APRIL

next thereafter, at six o'clock P. M., and unless paid prior thereto, five per cent will be added to the amount thereof.

That all taxes may be paid at the time the first installment, as hereinprovided, is due and payable.

Taxes are due and payable at the office of the Tax Collector, in the Courthouse at Martinez, Contra Costa county.

MARTIN W. JOOST,
Tax Collector Contra Costa County.
8-27 to Oct 8

GOVERNMENT PUTS BAN ON INDUSTRIAL ENTERPRISE

The government has put a ban on new industrial enterprises not having to do directly with the war activities and the movement is one which should have been put in practice more than a year ago, for much money has been needlessly and selfishly expended in speculative construction that should have gone into financing the government.

As an example, Richmond and a hundred other towns of California have built streets and public buildings, all very well and convenient in themselves, but a waste of money and extravagant in the extreme when it is considered that the government needs every cent of money that can be raked and scraped for combating the Huns.

In every city and town in California there are large numbers of men who are employed by the municipalities who should be in war work. In Richmond there are a half dozen unnecessary policemen and as many more firemen. Not only are these men drawing money from the people's pockets which should be expended for war purposes, but they are withholding from the government their valuable services. Not all of them could fight in the first line trenches, but they could do work that fighters are doing and thus release them for that work.

The federal authorities have done well in stopping useless speculative work and it would be better still if they would stop the employment of men in jobs that are useless and reckless in the waste of the taxpayers money at a time when he is wondering how he is going to meet the government demand and provide food and raiment for his family.

RED CROWN GASOLINE

What are gasoline boiling points?

The boiling point of any liquid is the temperature at which it vaporises.

Gasoline has boiling points ranging from the very low to the high, and in "Red Crown" they form a uniform, continuous, unbroken chain.

The value of gasoline lies in this uniform continuity of its boiling points.

Combustion starts with the lowest boiling points and flashes on through the gas. The continuous chain of boiling points—from the low to the high—is necessary for instantaneous, full-powered combustion. Eliminate one link and the power chain is broken.

Only a straight-distilled, all-refinery gasoline can have the continuous chain of boiling points. Mixtures always have "holes" in them.

Red Crown, the Gasoline of Quality, is a straight-distilled, all-refinery fuel having the full and complete chain of boiling points necessary for steady, dependable power: Low boiling points for easy starting, medium boiling points for quick and smooth acceleration, and high boiling points for power and mileage. Look for the Red Crown sign before you fill.

EARL SOTO IS LIEUTENANT OF AVIATION

Earl Soto, son of Mrs. A. J. Soto of Martinez and brother of Mrs. W. R. Selby of this city, now in the aviation corps, was in Richmond yesterday, accompanied by his sister, Mrs. William Dockstader of Martinez, and saying good bye to his many friends. Soto enlisted about a year ago, and by hard work has steadily advanced until he now holds a first lieutenant's commission.

Soto's furlough expires in a few days, when he expects to leave for the east again, and in a short time depart for France.

Young Soto has had some thrilling experiences in the aviation corps. At one time when five thousand feet in the air, he lost control of the machine and started on a head dive to the earth. Finally when he reached a distance about seventy feet above the ground he was able to gain control, and landed safely.

TWO HOLIDAYS NEXT WEEK.

There will be two holidays next week, both of which will be observed in Richmond. The first is on the 9th, next Monday, which is Admission Day and also Thrift Stamp Day, and the other is Thursday, the 12th, Registration Day, the latter being made a holiday by the governor so that a sufficient clerical force can be secured to register the large number of men between the ages of 18 and 45 for the draft.

Not One Chinese In Ten Thousand Has Constipation

except a few drug users, while about 90 per cent of the Americans suffer from this dread complaint. The FONG WAN HERB SPECIALTY CO. gives the following explanation of this phenomenon. "When a Chinese is ill, he immediately consults a Herb Specialist and the cause is removed, but when an American feels ill, the first thing he does is to take a PHYSIC. This may relieve him temporarily, but repeated doses of such drugs eventually paralyze the bowels. As the bowels then no longer move naturally, physic taking becomes a habit, the weekend habit a drag, and there is a heavy pressure of gas on the regular. If the poor victim be a man, the physician will usually tell him that his trouble is piles; if a woman, that it is female trouble." By drinking the Fong Wan harmless Chinese herbs, hundreds of Americans have not only been relieved of their stomach and bowel troubles, but have been made normal again. Their testimonials are on file.

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California:—

Conserve Electricity

Patriotism demands that you save electricity for war industries.

Northern and Central California have a SERIOUS power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

These War Industries Must Have Power

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off lights whenever possible and use lower power lamps.

This is one other thing you can do in the great struggle.

H. G. BUTLER
Power Administrator.

LABOR WILL CONTRIBUTE LARGELY TO NEXT DRAFT

Union labor of the Eastbay district will be heavily drawn upon for first-class fighting men between the ages of 18 and 45, when the new draft law goes into effect on September 12. The officers of the various unions and others who are competent to speak authoritatively on such matters estimate that approximately two-thirds of their membership will be available for war service on that date.

The fact that so large a percentage of union membership will soon be available for service under the provisions of the recently enacted draft measure does not mean that all Eastbay union men between the ages of 18 and 45, will immediately be called to the colors. It is in fact probable that very many of them will not see active service at all, insofar as the term "active service" applies to service on the firing line. The process of elimination which makes mandatory the rejection of the physically unfit will exclude some. Others will be given exemption by reason of family ties. Yet others will be forced to forego the privilege of sharing the dangers and honors of their fellow Americans at the front by the government's more immediate need for their services at home.

In the last analysis, however, they are all subject to call should occasion demand; and it is not improbable the greater number of them will in due course be inducted into the service of their country in some capacity. The wide scope of the draft law makes such procedure possible at the discretion of the President, and certain union leaders here are of the opinion that President Wilson will before long exercise that prerogative in such industries as are essential to the successful carrying on of the war.

After all these eliminations have been checked and tabulated there yet remains, however in the ranks of Eastbay organized labor a host of two-handed fighting men that will soon be crusading for world freedom on the widespread battle front of Europe. And these men may be depended upon to carry the fight to the unspeakable Hun quite as belligerently and successfully as the American Crusaders who have preceded them.

To close the breach that will be made in the nation's second line of defense by the departure for overseas of these militant workers of the Eastbay section is certain to be a problem not easily solved. The exactions of the first draft with its more circumscribed age limits forced employers of the Eastbay section to curtail their working corps appreciably and the much broader age provisions of the recent draft enactment are sure to add to their perplexities.

GERMANS ARE IN FEAR.

(Continued from page one

province calls attention to the circulation of frivolous and sometimes malevolent and traitorous gossip, exaggerating the transitory successes of the enemy and casting doubt upon Germany's power for an economic resistance and deprecating the wonderful achievements of the German troops, who, it declares, are victoriously withstanding the enemy. . . .

HUNS GROW RESTIVE.

AMSTERDAM, Thursday, September 5.—Efforts to conteract the inconvenient questions the German people are beginning to ask are now being made in Germany, but with results thus far which scarcely can be said to hearten the public.

Count von Pasodowski-Wehner, former chancellor, published an article on Wednesday in which he pointed out that it is now a matter of victory or political and economic destruction for the fatherland. Occasional setbacks, he said, could not be avoided, and he exhorted the people, especially the women, to have faith.

NORWAY LOST 13 SHIPS IN AUGUST THROUGH WAR

LONDON, September 6.—Norway lost thirteen vessels aggregating 23,976 tons through war causes in the month of August, according to an announcement made today at the Norwegian legation here. Two Norwegian sailors lost their lives.

Martinez is attempting to grab a lot of farm land for the purpose of municipal taxation. There is no particular reason for the move of annexation there, except to increase the taxable property roll of the city. The farmers cannot figure out how the movement will bring them larger crops or enhance the value of their holdings in any way, so they are combatting the movement as far as lies in their power.

"ME FOR A NEW CHERRY SUIT, LARRY"

"I've been trying for a week to get down to their store and make my selection. Never could I seem to get time, and only the other day I heard they were open Saturday nights. So this Saturday you'll find me fitting out in one of their good wearing mixtures. You've heard about their easy-payment plan, haven't you? You just pay a little down and a few dollars each week. Wear the suit while you pay. Easiest way to buy clothes by a long way. They have two stores in Oakland — a men's store at 528 13th and a woman's shop at 515 13th."—Advertisement.

WILL SPEND HOLIDAY AT HOME WITH PARENTS

Louis Garfinkle, of Garfinkle's Ladies' Store, will spend the Jewish holiday, Rosh Hasanah, at home with his parents in Oakland tomorrow. His store will be closed tomorrow until evening, when it will be opened for business.

NOTICE TO KNITTERS

Ladies who are knitting sweaters for the Red Cross are requested to finish their work and turn it in to headquarters on or before the 12th of the present month. This work is to be sent off on that date and it must be at the headquarters before closing time in the evening.

The local Red Cross Chapter has demands from the State Chapter for this work and it positively must be finished by the time stated above.

Sept. 5—3t.

Classified ads will be taken over the phone and collections made by messenger on payment of 10¢ extra for messenger service
